

CITY OF MOORE
FY 2023-2024
CONFLICT OF INTEREST STATEMENT

The Moore City Charter, Section 8-14, provides for forfeiture of office for any Council members or the City Manager convicted of a conflict of interest violation. Conflict of interest may include selling, bartering or purchasing anything from the City, or making any contract with the City (other than employment contracts), other than those things which the City offers generally to the public such as utility services.

No person -- an employee, agent, consultant, officer, or elected official or appointed official of the recipient (the City of Moore), or of any designated public agencies, or of subrecipients that are receiving funds -- who exercises or has exercised any functions or responsibilities with respect to CDBG activities assisted under this part, or who is in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or have a financial interest in any contract, subcontract, or agreement with respect to a CDBG-assisted activity, or with respect to the proceeds of the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for one year thereafter.

Further the City Council adopted certain personnel policies including Article 2, Section 2.1 that states:

“Employees of the City shall not have a financial interest of any contract, service or other work performed for the City. Employees shall not accept any free or preferred service, benefits, or concessions from any person, companies, or other agencies doing business with the City.”

Therefore, it shall be the policy of the City to require all elected and appointed officials including board members, department heads and all City employees to annually file a conflict of interest statement with the City Clerk.

I, _____
NAME – TYPE OR PRINT

TITLE OR DEPARTMENT

I have read the above policy statement and state as follows:
