** FOR IMMEDIATE RELEASE

**ODOT approves 4th Street Underpass Project

[MOORE, OKLAHOMA] – November 4, 2024

The City of Moore is pleased to announce the Oklahoma Transportation Commission has approved the \$30 million bridge construction for the long-awaited 4th Street Underpass project. Construction is estimated to begin in early 2025, and complete summer 2026. "We want to thank the Transportation Commission for approving this project, the support of our residents who voted for the general obligation bond in 2018, and our City Council past and present. This has been a long time coming and we appreciate the partnership we have with ODOT and the support from Congressman Cole." - Mayor Mark Hamm
